

If you've ever checked your oil before a long-distance road trip, only to discover you were down by a quart, you know the value of proactive maintenance. The same holds true for your heating, ventilation and air conditioning equipment (HVAC), regular preventative maintenance helps your system go the distance by running smoothly and efficiently.

In addition to saving you money on monthly utility bills, you're also more likely to prevent the need for emergency repairs and extend the life of your system with regular maintenance.

HVAC systems rarely just brake down out of the blue. More likely, problems have been percolating for some time. Regular maintenance brings these problems to light. A preventative maintenance visit, by our trained technicians, will get your system ready for the upcoming heating or cooling season. This helps to ensure there are no surprises when you first start your system for the season.

We offer the Preferred Basic plan which is maintenance only and the Preferred Elite plan which is inclusive of service. Which one is right for you?

Preferred Basic

With our **Preferred Basic** Agreement your system will be inspected and tuned-up twice per year – once in the fall and once in the spring – by our trained technicians. You will receive priority service, moving you to the head of the line! During the year, should you need service on your unit you will receive a 10% discount on parts and labor. Since many manufacturers warranty parts for 5 years, if you have a newer system this might be a good fit for you.

Preferred Basic - \$180 per system

Preferred Elite

Preferred Elite offers you complete peace of mind. In addition to twice yearly inspections, you receive **free** labor and parts during the course of the year for any service needed! You will receive priority service and a discount on after hours emergency service.

Preferred Elite

Heat Pump & Gas Furnace w/ Air Conditioning - \$250*

Gas Fired Boiler, Air Conditioning & Gas Furnace (no AC) - \$200*

Heat Pump w/ Gas Backup - \$300*

*10% discount - 3-5 systems/ 15% - 6 or more systems

Today's highly sophisticated and efficient heating and air conditioning equipment requires regular general maintenance for optimum performance. Most manufacturers require a minimum amount of service to their equipment. This is to ensure that the parts last as long as possible. Many will even request proof of regular maintenance before honoring warranty on parts.

Protect your heating & air conditioning system – call now! HGH will perform an initial inspection and maintenance check of your system. After that, all you have to do is change your filters – we'll take care of the rest. You will receive notice when it is time to schedule your next system check.

Your contract will automatically renew every year. You may pay the entire year upfront or participate in Preferred Pay (10 payments charged directly to your credit card).

For your convenience we take cash, check, money order, Visa, Master Card, Discover and American Express.

Call 410-679-3794 & become a Preferred Member today!
